

Preparatory Checklist Carbon Footprint

Information

The following information is needed for the climate check:

date:

done:

- CO₂-emissions of the school in the fields of energy, material and waste, school grounds and traffic – as long as these data were already taken in the climate check. (The data taken in the framework of food/drinks during breaks are not exploitable.)
- If available, all relevant eco-political and educational-political documents, like excerpts about environmental education in the framework of school programmes or the municipal climate protection concept.

Contact person on the spot

If possible some pupils or teachers from other groups should be included in the climate check.

date:

done:

If possible include expert partners, like members of the local environmental agency, representatives of environmental associations of committed parents.

Rooms

The group needs a normal classroom with mobile furniture.

date:

done:

Material

The following specific material is needed:

date:

done:

- topic-oriented information material about climate change and climate protection.

The following general material is needed:

- checklists for the collection of data (if necessary check before use and adjust them to the specific situation of the school, print them in sufficient numbers),
- cameras (simple digital cameras or camera phones; might be brought by the pupils),
- computers (for data and image processing, internet researches and, where necessary, for multimedia presentations),
- presentation material like large sized paper, pencils, scissors and glue, some magazines as material for illustrations.

Pupils should bring their normal writing utensils, something to write on and a pocket calculator.
